

Gold Struck™ Rose Rosa 'Gold Struck'

Height: 6 feet

Spread: 4 feet

Sunlight: O

Hardiness Zone: 5

Group/Class: Grandiflora Rose

Description:

Stunning clusters of large, golden yellow blooms with a pale orange cast stand out against dark green, shiny foliage; strong stems are perfect for cutting; excellent disease resistance

Ornamental Features

Gold Struck Rose features showy fragrant yellow flowers with gold overtones and orange edges at the ends of the branches from late spring to early fall. The flowers are excellent for cutting. It has dark green deciduous foliage. The glossy oval compound leaves do not develop any appreciable fall color.

Landscape Attributes

Gold Struck Rose is a multi-stemmed deciduous shrub with an upright spreading habit of growth. Its average texture blends into the landscape, but can be balanced by one or two finer or coarser trees or shrubs for an effective composition.

- Spiny

Planting & Growing

Gold Struck Rose will grow to be about 6 feet tall at maturity, with a spread of 4 feet. It tends to fill out right to the ground and therefore doesn't necessarily require facer plants in front, and is suitable for planting under power lines. It grows at a fast rate, and under ideal conditions can be expected to live for approximately 30 years.

This shrub should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is highly tolerant of urban pollution and will even thrive in inner city environments. This particular variety is an interspecific hybrid.
